

Susan* was referred to CAPSA by law enforcement and a friend, but never reached out because of fears - fear of her abuser, fear of the unknown and fear no one could help.

That was until Susan mentioned to her high school aged sister she was thinking about utilizing CAPSA to finally escape, but had worries. Her sister, who knew about CAPSA due to presentations at her school, ensured her "CAPSA is great and will help".

Susan was able to utilize our shelter, advocacy support, and therapy and is now living free from abuse.

PREVENTION EDUCATION

CAPSA's Awareness Educators present curriculum promoting healthy relationships, reducing risk factors, increasing protective factors, and bringing awareness to CAPSA's services. They present in all Middle Schools and High Schools in Cache and Rich Counties, in businesses, for church groups, and other social service agencies.

779 Presentations 30,533 Students/ Participants

* Names are changed for safety and confidentiality

FINANCIAL REPORT

FY19 Financials are July 1, 2018 - June 30, 2019

FY18 PROGRAM & OPERATION FUNDING

Total Revenues	\$2,486,992	
Misc Income	\$121,488	5.0%
Somebody's Attic	\$55,000	2.3%
Donations	\$324,517	13.3%
Fundraising / Events	\$197,674	8.1%
Grants	\$1,733,313	71.3%

IN KIND / DONATED GOODS

Reported Value \$265,057

ENDOWMENT

\$219,452* General Endowment \$1,214,054* Wasatch Support Fund

* Ending balance for FY19

DONATION NEEDS

Your donations allow CAPSA to leverage grants at a rate of 5.5 to 1. Our projected donation needs for FY 2020 are:

HOUSING PROGRAMS

Shelter and Transitional Housing TOTAL PROGRAM COST \$841,923 **GRANT FUNDS** \$614,954

NEEDED DONATIONS \$226,969

SUPPORT PROGRAMSTherapy and Advocacy Services TOTAL PROGRAM COST

\$1,442,796 **GRANT FUNDS** \$1,249,159

NEEDED DONATIONS \$193.637

PREVENTION EDUCATION
School and Community Education

TOTAL PROGRAM COST \$374,456 **GRANT FUNDS** \$235,400

NEEDED DONATIONS \$139.056

For most of our clients, finding low cost/affordable housing continues to be the most significant barrier to start a life free from abuse and this problem continues to grow.

CAPSA HOUSING PROGRAM - A PROVEN MODEL

Independence Place, a nine-home neighborhood owned and managed by CAPSA, was completed in 2015. Independence Place is designed to allow families to transition as they rebuild their lives - subsidized housing for up to two years coupled with advocacy and educational programing.

CAPSA's Transitional Housing Program has been successful at helping families start new lives free from abuse. Independence Place is a key piece in this program as it addresses the shortage of affordable housing, but only for nine families at a time. We are in need of more housing to support the current housing demand.

ONGOING SUPPORT

Support our housing program this year by becoming an annual sponsor of a home for \$6,000 a year. This represents the average cost for CAPSA to provide housing assistance.

- Public Recognition
- Signage on a CAPSA Home
- Team building opportunities at your home spring cleanup, plant flowers, decorating homes for Christmas, and more.
- Knowledge you are providing housing for a family.

Contact James Boyd at 435-753-2500 to become a sponsor today.

CAPSA has the opportunity to purchase a planned neighborhood development which includes an existing triplex and 5 building lots. The total cost to purchase the triplex, develop the neighborhood, and build the remaining homes is projected to be \$1.8 million.

"WHEN I LIVED WITH MY ABUSER, MY HOUSE WAS A PRISON.

NOW THAT I'M HERE, I'VE MADE A HOME."

An Independence Place Client

THE NEED TO EXPAND

OFFICE SPACE - CAPSA has outgrown our current office space, this requires staff to shuffle offices, share workspaces, and work remotely. We need more space for current staffing. If we had more space, available funding sources will enable for expanded services to better serve client needs. Plus, our space constraints limit our ability to utilize casework and therapy interns - more interns allows CAPSA to serve more clients at minimal cost.

GROUP ROOM - Our current group rooms serve as a staff training/conference room and a waiting room. This limits when we can hold groups. Despite the limited space, CAPSA currently offers eight support and therapy groups. Additional group room spaces will allow us to increase our support groups and community trainings.

THE PLAN

We have developed plans for an addition to CAPSA's current office (see back for more details). This addition will allow for expanded programing, groups and increased staffing.

Estimated cost for this addition is \$1,900,000.

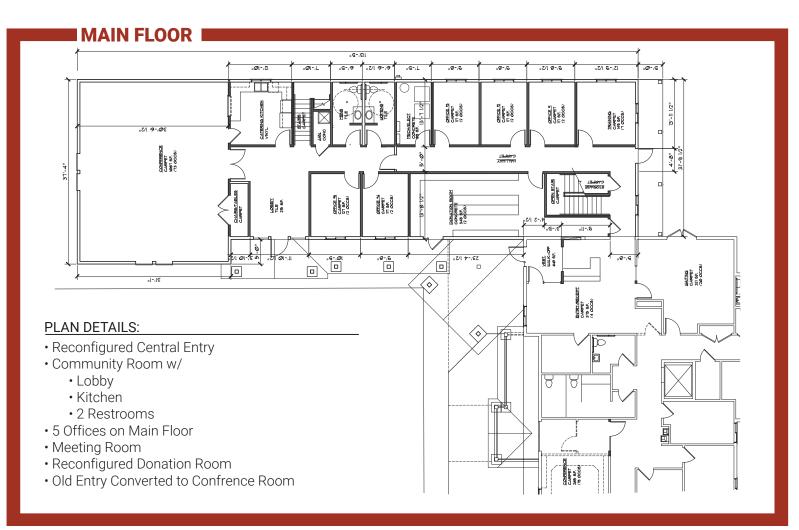

We are grateful for all support and will recognize all building donors. Here are some recognition levels:

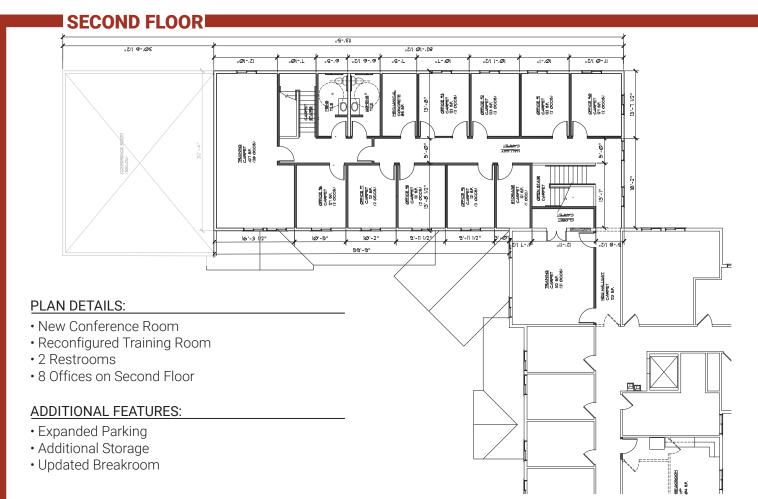

\$500,000 – Building Naming Rights **\$75,000** – Training Room Naming Rights (x2) **\$300,000** – Community Room Naming Rights **\$50,000** – Donation Room Naming Rights

\$100,000 – Waiting Room Naming Rights **\$10,000** – Office Naming Rights

We are also seeking groups and businesses to pledge to raise a set level and then work within their community to raise their goal. Your community might include customers, vendors, suppliers, etc. CAPSA will provide support as needed.

ONGOING FUNDING PRIORITY Build a Financial Safety Net

A FUNDED ENDOWMENT ENSURES CAPSA WILL BE ABLE TO CONTINUE TO PROVIDE LIFESAVING AND LIFE CHANGING SERVICES.

A GIFT FOR THE FUTURE

Endowments are permanent funds where the principal is invested, while a portion of the fund is distributed annually support CAPSA programs. You provide stability and ensure CAPSA future financial health by donating to our endowment.

Here is an example of the projected growth of a \$100,000 endowment.

INITIAL GIFT Market Value: \$100,000

20 YEARS Market Value: \$157,970 Program Funding: \$100.272*

Projections based on 7.5% Growth Rate and 5% distribution to programs

*Cumulative amount distributed for program funding

BREAKING THE CYCLE OF ABUSE, CHANGES LIVES FOR GENERATIONS...

CAPSA helped a client secure a scholarship to USU. She was a first generation college student who never dreamed of going to college. Her story was magical, but the real magic was when we heard her daughter use the phrase, "When I go to college..."

Because of your support, generations are changed.

CAPSA'S ENDOWMENT GOAL BY 2020 YEAR END

CAPSA is starting with a \$200,000 endowment balance. With your support, CAPSA can exceed the \$1 million endowment balance goal before year end of 2020. At this level, an endowment will generate approximately \$50,000 in annual program funds - this can fund a caseworker and related program expenses.

NAMED ENDOWMENT

Donors who raise \$250,000 or more can name the endowment for themselves or for others whom they desire to honor or memorialize. Endowments can be created with a single donation or over time by pledging the donation amount. Pledging allows individuals or groups to name an endowment while raising the funds. CAPSA will support pledges by providing fundraising assistance.

In addition, CAPSA has the following Named Endowments anyone can contribute to:

- The Founders' Endowment In honor of Jenny and Thad Box
- The CAPSA Angel Fund Endowment In honor of Mary Flynn Palley

A \$250,000 endowment will generate on average \$12,500 of program funding each year. Below are two scenarios showing how your named endowment will help those we serve:

Your named endowment will allow CAPSA to support clients year after year. Please contact Jill Anderson or James Boyd at (435)753-2500 to discuss an endowment with CAPSA.

CAPSA has secured and is the lead agency for a three year grant to fund The Blueprint for Safety program. The Blueprint for Safety is a coordinated community response partnering law enforcement, criminal justice systems, and other system based advocates with CAPSA to review and evaluate processes. Example: listen to 911 calls and compare current policies to best practices provided by the Blueprint program.

The Blueprint process is victim focused and prioritizes their experience. The goal is to identify gaps that victims experience and then create and implement policies and protocols to address these gaps. Changes are then evaluated to monitor any unintended consequences to ensure success.

When completed, Cache Valley will be the first Blueprint for Safety community in Utah.
